IMPORTANT MESSAGE

This webtoon now has official translation and we will therefore drop it as there no longer is any need for us to translate it. You will be able to read it at lezhin (the original publishers). Since they are paid, I understand that not everyone can pay for it, but for those that can, it would be very nice of you to read it on lezhin since it'd help out the authors. For those that can't, there will always be people rehosting the chapters for free on other sites, just like how movies etc are uploaded for free. An example would be that if you're not reading this at Game of Scanlation then this chapter has been rehosted. Same thing happens with Lezhin's releases, but yeah i personally recommend those who can pay, to pay as it helps the authors :)

They're not caught up with the raws yet, but will be soon, think of it as a hiatus.

Oh and if you now are reading this at a site that rehosts this, feel free to drop us a visit at <http://lezhin.com> :) 

Sincerely,
His Holiness The Crow
